Re: False Claim of Accreditation

It has come to the attention of ACLASS that PaternityLab.co.us, with an address of 20 Hogan Mews, London, United Kingdom W2 1UP, phone number 0845 269 3502, and web identity of paternitylab.co.uk may be issuing ISO/IEC 17025 accredited test reports with the ACLASS accreditation mark. This organization is not accredited by ACLASS, has not been a customer of ACLASS, and is using the ACLASS accreditation mark without authorization.
